2 October 2019

TO WHOM IT MAY CONCERN

Bula Vinaka and Greetings to all Yachties.

As from today, Wednesday 2 October 2019 Fiji Ports Corporation Limited under the ISPS CODE will no longer entertain yachts anchored out in the stream between Bekana Island and the mainland, west of Amex wharf. The other reason is access into Lautoka Port from the seaside and gate will be restricted.

We recommend that you use Vuda Marina for your own safety and security of your vessel.

Government agencies have been advised accordingly.

Development of the Lautoka Port is earmarked to cater for bigger vessels and the stream mentioned above will be monitored by Fiji Ports Corporation Limited and the Maritime Security guards in accordance to the ISPS Code.

Emosi Navusolo
